INTRODUCTION.

This, the definitive War Roll of the University, is published by decree of Senate.

ELIGIBILITY.

Eligibility as regards War Service.

No member of the University is considered herein as serving with "His Majesty's Forces" unless he belong to a unit which appears in the official lists of The Navy, Army or Air Force.

Eligibility as Members of University.

Resolution of Senate, May 18th, 1920.

"That no one be eligible for the final edition of the War Roll who is not a member of the University under Statute 1."

[Statute 1 reads :—

The University shall consist of the Chancellor, Vice-Chancellor, the Proctors, and other officers; the professors, lecturers, demonstrators, tutors and other recognised teachers; the graduates and matriculated students, and all such persons as may from time to time be admitted by Convocation to the privileges of members of the University.]

Eligibility of Women.

Resolution of Senate, March 2nd, 1920.

"That women be equally eligible with men for inclusion in the War Roll of the University, if they have rendered war service in a unit which appears in the official lists of the Navy, Army or Air Force."

Date limit of eligibility.

It was further decided that all members of the University should be eligible who matriculated prior to Michaelmas Term, 1919, *i.e.*, all those whose names appear in the *University Calendar* for 1919-20. The Colleges and Degrees, etc., have been checked by the Index of the above *Calendar*, and no degree or other University distinction has been entered which was conferred subsequently to its publication.

EDITOR'S NOTE.

This edition of the War Roll differs from former editions in that a short history of the war service of those appearing has been entered, where such information has been forthcoming, and every effort has been made to secure full and accurate details. For this purpose, where addresses have been available, forms have been sent out to a very large number of Durham War Service *alumni*, and advertisements have been inserted in the Press inviting application from those of whom sight has been lost.

It is to be regretted that, in spite of these efforts, there will be found many in the following pages with but very meagre War Service details, these having been gleaned from former editions of the Roll or outside sources. It is also to be feared that, as is almost inevitable in such publications, the names of many of those eligible will be missing altogether.

The following order of details has been adhered to :—

Surname, initials.
